E-mail: erica@chrecary.com

▶ Maintain the tool cabinet: Regularly clean the inside and outside of the tool cabinet to ensure that the slide rails of the drawers and doors are unobstructed and unblocked, and maintain the glossiness of the cabinet surface.

▶ Use protection: When using tools, please pay attention to: use appropriate tools to complete certain tasks, do not use tools that are too large or unsuitable; when using some insulated tools, please pay attention to safety; carefully store and put away tools, So as not to damage the drawers and cabinets.

▶ Precautions for use: Please use it according to the load-bearing standard of the tool cabinet, and avoid placing heavy or unstable items on the tool cabinet to avoid deformation or rupture of the cabinet; do not stand or sit on the tool cabinet to avoid falling or falling. The cabinet is deformed.

FAQ

Q: Do you have your own brand?

A: Yes, the brand name is Chengyuan Jiayu, we can provide OEM and ODM services to our customers as well.

Q: What are the main application fields of your products?

A: Widely used in Garage, Workshop, Family garage, including DIY use, Professional maintenance, Industrial applications and so on.

Qingdao Chrecary International Trade Co., Ltd.

Tel: +86-13791983493

E-mail: erica@chrecary.com

Q: Is a metal garage better than wood?

A: Quite simply, metal is a more durable material than wood. Metal can withstand high snow loads and extreme weather, plus it takes a lot more effort to break into compared to wooden garages. For additional peace of mind, install a security system on your property.

Q: Why are garage cabinets off the floor?

A: Getting the cabinets off the floor is a simple solution. It keeps stored items safe from moisture and mold growth that can potentially cause health problems for the inhabitants. Wall-mounted cabinets offer a slew of benefits, but installing them can be tricky.
